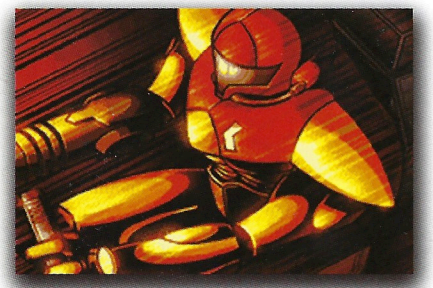
Discover the story that could never be told ... until now!

She's battled baddies on nearly every Nintendo system, cleaned house in the Super Smash Bros. series and recently blasted off for heroic adventures on the Nintendo GameCube (Metroid Prime) and the Game Boy Advance (Metroid Fusion). Now, Samus Aran returns to her roots and relives the story that started it all - revealing for the first time full details of her meeting with the Metroids. The plotline will be familiar to longtime fans of the Metroid series, but the challenges are new, the power-ups are plentiful (taken from several games in the series) and the graphics and sound are supercharged.



- Samus Aran arrives on Zebes in an adventure that greatly expands on the legendary NES Metroid title.
- Upgrade Samus's suit with classic power-ups from previous Metroid titles, plus all-new abilities like the Power Grip, Zip Line and more.
- Cool cut-scenes bring Samus's incredible story to life like never before.
- Beautiful graphics and an eerie soundtrack give each environment a unique, distinctly Metroid feel.
